

Oakland Baptist Church – Children’s Consignment Sale

Great News! We are upgrading our Consignment Sale system with so many new improvements FOR YOU!

NEW SYSTEM HIGHLIGHTS

- **This is an entirely new system, so all consignors will be asked to re-register when the new system is up and running. This allows us to clean up our database and ensure that we have your most current information on file.**
- After registering, you will be able to login to your "Consignor Homepage" which allows you to see information for your account.
- You will be sent an email confirming your registration.
- Easy to use online form for item entry. The screen is optimized for fast entry to minimize the time it takes for you to enter your inventory.
- "In place" editing allows you to directly edit your items in your inventory list.
- A quantity field allows you to easily enter multiple "like" items without having to enter each one individually.
- As we've done in the past, you print fully bar-coded, easy to read tags on your home computer, at your convenience. You can print all your tags at once, or just a select group of tags. You can re-print tags anytime.
- You will be able to print an inventory list and pick from several different sorting options. (We recommend sorting by gender and size).
- You will be able to view a list of sold items during the sale by visiting the website, so you can keep up with how you are doing.
- On-line registration for drop-off appointments with one-click. We will again send you a confirmation of your drop off date and time.

We are VERY EXCITED about our new system and know that you will find it easy to use. Thank you for your continued support of our sales that reach so many families.

We look forward to seeing you in the Spring!
